

FINANCIAL POLICY NOTICE

Please read carefully. Initial where indicated and then sign at the bottom.

(Initial) Insurance co-pays are due **at the time of service** and before you see the doctor. **If you are unable to pay your co-pay you may be asked to reschedule your appointment.** Due to the fact that Urology Austin physicians are specialists, higher co-pays may be indicated (consult your policy benefits for clarification).

(Initial) CT scans and in-office surgical procedures are typically applied by your insurance company towards your deductible, co-insurance or other out-of-pocket expense. **All fees are due in advance of the CT or surgical procedure performed** unless an alternate arrangement is made *prior to* your appointment date. **Outside radiologist fees usually apply for your scan. Please pay close attention to your CT information.**

(Initial) If at any time you have a credit on your account, refunds may only be remitted to you *after* all pending insurance claims have been finalized by your insurance company and reported to us.

(Initial) Many insurance plans cover ancillary services (labs, x-rays, CT scans, etc.) under alternate benefits, such as higher deductible or co-insurance amounts, even additional co-pays. These additional out-of-pocket expenses are not associated with our contract/participation with your insurance company. Instead, it is simply a matter of your plan benefits. Urology Austin must comply with both contractual obligations and government regulations, **thus we cannot alter your insurance plan benefits and will bill you accordingly.**

(Initial) It is the patient’s responsibility to know from whom your insurance company requires that you to obtain any labs, x-rays, or any other ancillary services. Please let your doctor’s medical assistant or nurse know so that they may schedule these services accordingly.

(Initial) It is the patient’s responsibility to obtain all referral certifications from the primary care or referring physician when required by your insurance plan. **If you do not have a current referral on file, you will be asked to reschedule your appointment.**

(Initial) Laboratory services cannot be billed until the date the test is performed which may be a different day than when you came to give your sample. Thus, the date on your billed statements (from Urology Austin or your insurance company) may be different from the actual date you were in the office. **Outside laboratory charges may also apply—ask an associate for more info if you will be having lab services.**

(Initial) If we do not participate with your insurance company, and your insurance plan does not provide out-of-network benefits, you will be considered a “self-pay” patient. See the Self-Pay Patient policy below. As a courtesy, we shall provide you with the information necessary to bill your insurance company.

SELF-PAY PATIENTS

(Initial) If you (1) do not have insurance coverage, (2) choose not to use your insurance coverage, or (3) are seeking treatment/services that are not covered by your insurance plan, you are a “self-pay” patient. Upon arrival at your visit you are required to provide a deposit (\$250 for new patients and \$150.00 for already established returning patients). As you leave, you must pay for any remaining balance for the services provided. A 30% discount of our regular fees will be applied.

Urology Austin accepts cash, checks, MasterCard, VISA, Discover Card and American Express. Additional fees may apply to special financing arrangements and bad debt collections.

By signing this Financial Policy Notice you, the guarantor, acknowledge that you have read, understand and accept the above financial policy. (Additional financial obligations may apply to special services. You will be presented more information as they apply to your treatment plan.)
