D How to Prepare for your CT scan WITH IV CONTRAST (Dye)

- DO take any other medications as usual, unless otherwise instructed by your Physician.
- DO NOT EAT ANYTHING 4 HOURS PRIOR TO YOUR SCAN.
- DO begin drinking 1 liter of water 4 hours prior to your CT scan. You may empty your bladder, no need to hold urine for the scan.
- DO call your Physician's Nurse... if you
 - ▶ Have a history of allergic reactions to Iodine or any type of contrast agents
 - ▶ Have a history of kidney disease.
 - ▶ Are pregnant or think that you could be pregnant.

D How to Prepare for your CT scan WITHOUT IV CONTRAST (Dye)

- No required preparation is needed prior a CT scan WITHOUT IV CONTRAST.

Billing questions:

- Most Insurance plans DO NOT cover 100% of the cost of your scan. Urology Austin will contact your insurance and verify benefits and obtain authorization for your scheduled CT scan.
- We will contact you before your scheduled CT scan appointment and inform you of the amount owed. This predetermination is not a guarantee of payment and is only an estimate based on your benefit plan information provided by your insurance provider.
- Austin Radiology Association (ARA) will bill you separately for the Radiologist who will read the CT scan. If you have questions about the billing from Austin Radiology Association (ARA) please call (888) 597-9729

Follow Up After Your Scan:

- If you have any problems after the CT scan, please contact the office of your Urologist. After hours or on the weekends/holidays please contact the ON-CALL Physician at (512) 660-6340.
- If you would like digital copies of your exam from today, please contact ARA:
<https://www.ausrad.com/contact-ara/patient-medical-records-request/>
- Your Follow-up appointment with your Physician to review your scans is the following:

Follow up DATE: _____ TIME: _____ Location: _____
